## INTRODUCTION

On the rolls of this microfilm publication are reproduced the compiled service records of soldiers who served in the American Army during the Revolutionary War. The compiled service records consist of one or more jacket-envelopes for each soldier containing card abstracts of entries relating to that soldier from original records. These compiled and original records are part of the War Department Collection of Revolutionary War Records, Record Group 93.

The American forces during the Revolutionary War included many types of military organizations created by the Continental Congresses, the States, towns, and counties. The Regular units authorized by the Continental Congresses formed the Continental Army, but this Army was frequently supplemented by units of militia and volunteers from the States. The compiled service records reproduced in this microfilm publication contain records for the Regular soldiers of the Continental Army and for the militia, volunteers, and others who served with them. The larger entity is referred to in this publication as the American Army.

In 1775 the Continental Congress took command of the forces of the New England colonies besieging Boston and instituted the first of a series of major reorganizations of the Army. In resolutions of November 4, 1775, the Continental Congress authorized the establishment of a Continental Army of 20,372 men. Each regiment was to contain 728 men, divided among eight companies; and each company was to consist of a captain, two lieutenants, an ensign, four sergeants, four corporals, two fifers or drummers, and 76 privates.<sup>1</sup> Additional regiments, sometimes containing fewer men, were authorized by the Continental Congresses for such purposes as the Canadian campaigns<sup>2</sup> and the defense of the Southern States.<sup>3</sup> Many of the authorized regiments in this and later reorganizations were never completely filled.

Another major reorganization of the Army was authorized in resolutions of September 16, 1776. The Continental Congress ordered the enlistment of 88 battalions (or regiments) for the duration of the war and apportioned those battalions among the States as follows: New Hampshire, three; Massachusetts, 15; Rhode Island, two; Connecticut, eight; New York, four; New Jersey, four; Pennsylvania, 12; Delaware, one; Maryland, eight; Virginia, 15; North Carolina, nine; South Carolina, six; and

<sup>3</sup>Ibid., Vol. IV, p. 39.

Georgia, one. The States were to recruit the soldiers and appoint the officers for their battalions, although the officers would be formally commissioned by the Continental Congress.<sup>4</sup>

In 1778 the Continental Congress authorized the reduction of the Army to 80 battalions, each containing 585 men.<sup>5</sup> In October 1780 the Congress further reduced the Army by ordering that, after January 1, 1781, the Continental Army consist of four regiments of cavalry or light dragoons, four regiments of artillery, 49 regiments of infantry (excluding Colonel Hazen's regiment), and one regiment of artificers.<sup>6</sup> Finally, the Continental Congress on June 2, 1784, directed the commanding officer to discharge all the troops in the service of the United States, retaining only 80 privates, with a proportionate number of officers, to guard the stores at Fort Pitt, West Point, and other magazines.<sup>7</sup>

A typical infantry regiment in the Continental Army, generally referred to in this publication as a regiment or battalion without the designation "infantry," might contain field officers, such as a colonel, lieutenant colonel, and major; a regimental staff, including an adjutant, quartermaster, surgeon, surgeon's mate, paymaster, and chaplain; and eight to 10 companies.

Cavalry and artillery regiments were organized in a similar way, although cavalry companies were frequently called troops. Artillery companies included specialized soldiers, such as bombardiers, gunners, and matrosses. The soldiers in artillery regiments often functioned individually, or in small groups, rather than as a regiment.

Artificers were civilian or military mechanics and artisans employed by the Army to provide necessary services. Artificer companies included carpenters, blacksmiths, wheelwrights, harness makers, coopers, nailers, and farriers.

#### History of the War Department Collection of Revolutionary War Records

Most of the records of the American Army in the custody of the War Department were destroyed by fire on November 8, 1800. The War Department Collection of Revolutionary War Records was begun in 1873 when Secretary of War William Belknap made the first of several purchases of Revolutionary War records for the Department. By War Department orders of July 3 and 16, 1889, a Record and Pension Division was established to take custody of the military records of the Volunteer Armies of the United States and to

transact the pension and other business of the Department connected with those records. The Division was designated the Record and Pension Office of the War Department by an act of May 9, 1892 (27 Stat. 27), and Col. Fred C. Ainsworth became Chief of the Office. At Ainsworth's instigation, Congress passed acts on July 27, 1892 (27 Stat. 275), and August 18, 1894 (28 Stat. 403), that directed the other executive departments of the Federal Government to transfer military records of the Revolutionary War in their possession to the War Department. The last major addition to the collection was in 1914-15 when the War Department made photographic copies of Revolutionary War records in the possession of individuals and institutions in several States to supplement the original records.

### Compiled Military Service Records

The compilation of military service records from the War Department Collection of Revolutionary War Records was begun in 1894 under the direction of Colonel Ainsworth. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts and the indexes were accurate.

The service records consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit or special corps in which he served. The jacket-envelope contains card abstracts of entries relating to the soldier as found in original muster rolls; payrolls; rank rolls; inspection, provision, and clothing returns; receipts for pay and bounty; accounts for subsistence, pay, rations, clothing, and ordnance; abstracts of muster and pay rolls; and correspondence. Abstracts were also made from 24 of the numbered record books in the War Department Collection of Revolutionary War Records, Volumes 1-11, 13 1/2, 136 1/2, 139, 142, 143, 145, 147, 1/2, 170-173, 175, and 176. There are cross-references for soldiers' names that appeared in the records under more than one spelling.

Frequently preceding the jacket-envelopes for individual soldiers in each organizational unit are similar envelopes containing caption cards for muster rolls, payrolls, or other records. The cards show the exact captions of documents that were copied for each organization and the certificates of officers verifying the accuracy of the records. Jacket-envelopes for general pay abstracts precede those for other caption cards, and printed caption cards for general pay abstracts usually reproduce the entire pay abstract. Jacket-envelopes with caption cards for an entire regiment precede those containing caption cards for the field and staff and individual companies.

The compiled service records are arranged under the designation "Continental Troops" or a State name, thereunder by organization, and thereunder alphabetically by soldier's surname. The

[REDACTED]

military organizations designated "Continental Troops" were generally State units adopted by the Continental Congress in the first years of the Revolutionary War or units raised in more than one State. Regular units of the Continental Army that were raised in only one State are generally listed with that State's military organizations.

The organizations for the Continental Troops and for each State are arranged in two major groups, according to the size of the organization. The larger military units, including regiments, battalions, detachments, corps, brigades, and legions, precede the smaller units, such as companies, parties, troops, or commands. Companies, parties, troops, or commands, however, that were an integral part of larger organizations are generally arranged within the larger organizations. Within the two major groups according to size, units with numerical designations precede units with nominal designations. Thus, the arrangement of the compiled service records for South Carolina organizations is as follows: First Regiment - Sixth Regiment, Casey's Regiment - Thomson's Regiment, First Company - Third Company, and Butler's Company - Captain Michael Watson's Company.

An appendix to this introduction lists the units of the Continental Troops and of each State in three categories: all units with numerical designations, all units with nominal designations, and miscellaneous units. Organizations with both numerical and nominal designations are listed under both categories but are arranged on microfilm according to the number designation. When several organizations have the same number designation, an alphabetical order is followed with battalions, corps, and detachments preceding regiments, and artillery regiments preceding infantry regiments and regiments of light dragoons.

Because the military units of the Continental Army were frequently reorganized, there are sometimes several series of compiled service records for the different formations of a unit, all bearing the same name or number designation. When the records for each formation are maintained separately, the year the formation was organized is sometimes included, in parentheses, in its title. The Connecticut records, for instance, include a "Seventh Regiment (1775)" and a "Seventh Regiment (1776)."

When a consolidation of several regiments was made, the new organization was sometimes labeled with the designations of the several regiments involved. An example is the Virginia organization designated the "Fourth, Eighth, and Twelfth Regiment." The compiled service records for several Virginia consolidated regiments contain empty jacket-envelopes labeled with the names of the soldiers in the regiment and the locations of the jacket-envelopes containing all the card abstracts for those soldiers.

[REDACTED]

Military organizations without a number or name designation are arranged at the end of the series to which they belong. Thus, the Regiment Extraordinary (Maryland) is placed at the end of the alphabetical series of Maryland regiments. Miscellaneous smaller organizations, such as the Field Artillery Company (New Hampshire), are arranged at the end of the alphabetical series of companies for New Hampshire.

Soldiers' names that are incomplete due to the mutilation or deterioration of the original records are arranged at the end of the compiled service records for their units. Soldiers, employees, or other personnel of the American Army with only a first name in the original records are listed by that name in the compiled service records.

At the end of the records for the Continental Troops is a series labeled "Miscellaneous," consisting of compiled records of soldiers' names that cannot be identified with a particular military unit. The series also includes high-ranking officers of the American Army who were associated with many military organizations. Likewise, a miscellaneous series labeled merely with the States's name exists at the end of the records for each State, except Georgia, to serve a similar function. For instance, the series labeled "Pennsylvania" was taken from such records as a list of officers who were paroled prisoners on Long Island, a list of prisoners from different regiments in General Wayne's division, a "Return of the Pennsylvania Line, entitled to donation lands, reported by the late Comptroller General," and an account book entitled *The State of Pennsylvania Against the United States for Depreciation on Pay of the Army*.

The designations of military units in this microfilm publication are generally reproduced exactly as they appear on compiled service records and on index cards.

### Indexes

Within Record Group 93, several name indexes contain entries from the military service records reproduced in this microfilm publication. The most comprehensive name index to the records is available as National Archives Microfilm Publication *General Index to Compiled Military Service Records of Revolutionary War Soldiers* (M860). Various parts of the General Index are also available separately as follows: *Index to Compiled Service Records of Revolutionary War Soldiers Who Served With the American Army in North Carolina Organizations* (M257); *Index to Compiled Service Records of American Naval Personnel Who Served During the Revolutionary War* (M879); and additional unpublished indexes to the names of soldiers serving in organizations from the States of Connecticut, Delaware, Georgia, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, South Carolina, Vermont, and Virginia.

## Related Records in the National Archives

Although some references to employees, prisoners of war, and other persons associated with the American Army are included in the records reproduced in this microfilm publication, most of the Revolutionary War compiled service records for persons other than soldiers have been published as *Compiled Service Records of American Naval Personnel and Members of the Departments of the Quartermaster General and the Commissary General of Military Stores Who Served During the Revolutionary War* (M880).

The original records and copies of records from which the Revolutionary War compiled service records were made are available on *Revolutionary War Rolls, 1775-1783* (M246), and *Numbered Record Books Concerning Military Operations and Service, Pay and Settlement of Accounts, and Supplies in the War Department Collection of Revolutionary War Records* (M853). Notations in the lower left corner of the card abstracts frequently indicate the file or volume number of the original record copied.

Notations on card abstracts also sometimes refer to numbers preceded by the initials "R & P." These references are to file citations in the general correspondence of the Record and Pension Office of the War Department, in the Records of the Adjutant General's Office, 1780's-1917, Record Group 94. The index to this correspondence series is available as *Index to General Correspondence of the Record and Pension Office, 1889-1904* (M686).

Pension and bounty land warrant application files based on the service of Revolutionary War military and naval personnel are in the Records of the Veterans Administration, Record Group 15. They have been reproduced as *Revolutionary War Pension and Bounty-Land-Warrant Application Files* (M804), and *Selected Records From Revolutionary War Pension and Bounty-Land-Warrant Application Files* (M805).

The War Department Collection of Revolutionary War Records, Record Group 93, contains two other publications relating to the American Army: *Miscellaneous Numbered Records (The Manuscript File) in the War Department Collection of Revolutionary War Records, 1775-1790's* (M859), and *Special Index to Numbered Records in the War Department Collection of Revolutionary War Records, 1775-1783* (M847). The record group also contains other series of unnumbered record books and photographic copies of some State records.

Journals, correspondence, and other records of the Continental and Confederation Congresses are among the Records of the Continental and Confederation Congresses and the Constitutional Convention, Record Group 360. These records have been microfilmed as *Papers of the Continental Congress, 1774-1789* (M247), and *Miscellaneous Papers of the Continental Congress, 1774-1789* (M332).

International and Indian Treaties are among the General Records of the United States Government, Record Group 11, and the Indian treaties have been reproduced as *Ratified Indian Treaties, 1722-1869* (M668). Ledgers and other fiscal records of the Government of the Revolutionary War period are among the Records of the Bureau of Accounts (Treasury), Record Group 39; the Records of the Bureau of the Public Debt, Record Group 53; the General Records of the Department of the Treasury, Record Group 56; and the Records of the United States General Accounting Office, Record Group 217.

These introductory remarks were written by Marie Allen.

### Communication

of which the following is a copy:

Dear Sir—

A number of claims against the United States have been lodg'd with me in order to be presented at your Office on or before the 1<sup>st</sup> day of August, I have therefore by this opportunity inclosed an abstract of them and when I arrive at New York will lay the vouchers & Ac<sup>ts</sup> before you—

Viz<sup>t</sup>

Cap <sup>ts</sup> Perry Benson, Richard Anderson, James Bruff & Jas Ewing, Lieu <sup>ts</sup> John Lynn, John Trueman, & Isaac Hanson,	9,600
for Commutation of half Pay,	4,800

The last mentioned Officers are considered as Invalids & half Pay since their leaving service has been advanced to them on Ac<sup>t</sup> of the United States—but at the last Session of Assembly a donation of it for life was made to them by this State which leaves them the opportunity of receiving the emoluments given to Officers of their Grade by the Continent—at their joint request during the meeting of the Cincinnati I undertook to throw in the claim for them and to lay the particulars before you on my arrival in New York—

I am Sir with respect

### Communication

of which the following is a copy:

Dear Sir—

A number of claims against the United States have been Jodg'd with me in order to be presented at your Office on or before the 1<sup>st</sup> day of August, I have therefore by this opportunity inclosed an abstract of them and when I arrive at New York will lay the vouchers & Acc<sup>ts</sup> before you—

Viz<sup>t</sup>

\* \* \* \* \*  
Cap<sup>ts</sup> Perry Benson, Richard Anderson, James Bruff  
& Ja<sup>s</sup> Ewing, Lieut<sup>s</sup> John Lynn, John Trueman, &  
Isaac Hanson,

for Commutation of half Pay,

9,600  
4,800

The last mentioned Officers are considered as Invalids & half Pay since their leaving service has been advanced to them on Acc<sup>t</sup> of the United States—but at the last Session of Assembly a donation of it for life was made to them by this State which leaves them the opportunity of receiving the emoluments given to Officers of their Grade by the Continent—at their joint request during the meeting of the Cincinnati I undertook to throw in the claim for them and to lay the particulars before you on my arrival in New York—

I am Sir with respect

Respectfully returned to

Miss Ethel Cline,  
329 E. 37th Street,  
Portland, Oregon.

The name Nicholas Cline appears on a weekly report of the 2d Co., commanded by Capt. Clagit of the 5th Maryland Regt. Nothing has been found of record to show the date of entry into service of said Nicholas Cline or the date or manner of his separation therefrom.

The collection of Revolutionary War records in this office is far from complete, and it is suggested as a possibility that additional information can be obtained from the Adjt. Genl. of Maryland, Annapolis; from the Maryland Historical Society, Baltimore, or from the Commissioner of Pensions, Washington, D. C.

The stamped envelope received with this letter is returned herewith.

August 12, 1915.

Respectfully returned to

Mary E. Collings,  
200 E. 6th Street,  
Pana, Illinois.

The records of this office show that one James Collins (name not found as James Collings) served in the Revolutionary War as a private in Capt. John Lynch's Co., 5th Maryland regt., commanded by Col. Wm. Richardson. His service is shown to have commenced Jan. 18, 1777, and to have expired Aug. 16, 1780.

Nothing further relative to this man has been found of record.

It is suggested as a possibility that additional information can be obtained from the Adjutant General of Maryland, Annapolis; from the Maryland Historical Society, Baltimore, or from the Commissioner of Pensions, Washington, D. C.

### Communication

of which the following is a copy:

Sir

Inclosed we send you a Copy of the Resolves of a Committee of Field Officers belonging to Genl Smallwood's Division, whereby you may see the injustice & Insult that has been offered to our profession & has drove us to the necessity of informing you that we cannot think of acting with that Corps of Officers, who have determined us unworthy the Character of Gentlemen—Indeed the general contempt that Regimental Surgeons & Assistants are held in, with the little Benefit we can be of to them from our being furnished with nothing necessary to relieve their Wants & distresses (save a little Medicine)—have urged us to let you know that from & after the 9<sup>th</sup> of Jan<sup>y</sup> 1778 we resign acting as Surgeons & Surgeon's Mates to this Division—Humanity however dictates to us to attend them for a Week or so longer in order that they may be provided for in some other way—Doct<sup>r</sup> Warfield Assistant to 1<sup>st</sup> Maryland Regt excepted, who has engaged with Doct<sup>r</sup> Wallace to act in that capacity for the space of two months & a little better than a Month of that time only having elapsed, he looks upon himself as obliged to continue the Remainder—We hope that you will look upon these as sufficient Reasons for our Resignations, & accept of them as such We therefore remain

August 31, 1916.

Respectfully returned to  
Mr. Don Kenneth Jones,  
1720 Belford Building,  
105 South LaSalle Street,  
Chicago, Illinois.

The records of this office show that a number of men named Richard Jones served in New York organizations during the War of 1812, but none of them is shown to have been a commissioned officer, and from the data furnished none can be identified with the subject of inquiry. If a statement be furnished to this office, giving the designation of the organization in which the said Richard Jones is shown to have served in said war, or the names of some of the company or regimental officers with whom he served, a further search of the records will be made in the effort to identify his service in the war mentioned.

The records on file show that one Rich<sup>d</sup> Jones served as a private in Lieutenant Perry Benson's Co., 5th Maryland Reg't, Revolutionary War. His name appears, without remark, only on a roll of the company dated Sept. 1778, date and place of enlistment or discharge from this organization not stated.

The records also show that one Richard Jones served (rank not given) in Capt. Benjamin Brooke's Co., 3d Maryland Regiment, Revolutionary War.

His name appears, without remark, only on a roll of the company dated October \_\_, 1772, but neither the date nor place of his enlistment or discharge is shown.

Nothing additional has been found in this Department relative to the inquiry.

The collection of Revolutionary War records on file in this office is far from complete, and it is suggested as a possibility that additional information can be obtained from the Adjutant General, State of Maryland, Annapolis; from the Librarian, Maryland Historical Society, Baltimore, or from the Commissioner of Pensions, Washington, D.C. *fees are charged.*

No charge is made by this Department for its official acts.

Mrs. Lizzie Longfellow Chandler,

Howell County, Missouri.

The records of this office show that one Arnold Longfellow, rank not stated, served in the Revolutionary War in the 2d Company, 5th Maryland Regiment, commanded by Captain Clagitt. Neither the date of enlistment nor the date or the manner of the termination of his service has been found of record. No record has been found of the service in any organization of Maryland Troops in the Revolutionary War of any other person bearing the surname Longfellow.

The records also show that one Michael Cresmer, rank not stated, served in the Revolutionary War in Capt. James Mackell's Company, 34th Battalion, Maryland Militia. His name appears without remark on a muster roll of the company covering the period from December 30, to January 23, 1777. No further record of him has been found, nor has ~~his~~ record been found of the service of a man of that name as a member of any organization of Pennsylvania Troops in that war.

The collection of records of the Revolutionary War in this Department is far from complete, and it is suggested as a possibility that additional

Information relative to the person referred to can be obtained from the Adjutant General of Maryland, Annapolis; from the Maryland Historical Society, Baltimore, or from the Commissioner of Pensions, Washington, D.C.

The stamped envelope received with this letter is herewith returned.

~~The Adjutant General.~~

Information relative to the persons referred to can be obtained from the Adjutant General of Maryland, Annapolis, or from the Maryland Historical Society, Baltimore; that some information relative to the Michael Greener in question can be obtained from the Librarian, Pennsylvania State Library, Harrisburg, or that some information concerning all of the persons named can be obtained from the Commissioner of Pensions, Washington, D. C.

The stamped envelope received with this letter is herewith returned.

March 15, 1916.

Respectfully returned to

Mr. C. W. Perkins,  
Attorney-at-Law,  
10 South Street,  
Baltimore, Maryland.

Nothing has been found of record in this Department to show that a person bearing the name Philip Reed served in the Revolutionary War as a colonel, nor has anything been found of the service of a person bearing that name, who, from the date furnished, can be identified with the one mentioned within.

The collection of Revolutionary War records on file in this office is far from complete, and it is suggested as a possibility that information relative to the within mentioned Philip Reed can be obtained from the Adjutant General of Maryland, Annapolis; from the Maryland Historical Society, Baltimore or from the Commissioner of Pensions, Washington, D. C.

\* \* \* The Resolutions of the 14<sup>th</sup> & 15<sup>th</sup> of January we have allowed to operate, so far as to give the Rank to Colonels Price and Gist, over the Colonels of the flying camp; \* \* \* This we are also, the more readily induced to do, from the consent of Colonel Hall, so far as regards himself, and Colonel Richardson serv'd in the flying camp with a Commission of subsequent date to the former. of the board of General Officers, directed to sit for the purpose of arranging, settling the Rank, and dating the Commissions of the Officers of the Maryland Line

**(Revolutionary War.)**

Report dated Camp Middle Brook

April 13, 1779.

In the line of Colonel Richard T. Price disputes rank with Price.

The Board have decided in favor of Price. It appears clear to us that Price has the precedence and what serves to illustrate the matter further is Price and Gist's being appointed the first Colonels in the State upon the Continental establishment.

There is another reason which may be added. Col. Hall who was Superior to Col. Richardson in the Flying Camp connects to Price and Gist's Superior Rank.

TRC

December 8, 1915

Mrs. Fred W. Culver,  
421 No. Warren Avenue,  
Saginaw, Michigan.

The records of this office show that one Darby Sullivan, rank not stated, served in the Revolutionary War as a member of Captain Levin Handy's Company, 5th Maryland Regiment, commanded by Colonel W. Richardson. His name appears only on a roll dated September 8, 1778, without remark. Nothing has been found of record to show the date of his entry into service or the date of his separation therefrom.

The records also show that one Daniel Dunca served in said war as lieutenant in Captain Daniel Godfrey's company, Whiting's Regiment Connecticut Militia. He is shown to have entered the service October 5, 1777, in a campaign at Fishkills; to have been discharged October 30, 1777, and to have served 26 days.

The collection of Revolutionary War records on file in this Department are far from complete and contain no data relative to the families of the soldiers whose names appear thereon.

It is suggested as a possibility that additional information can be obtained from the Adjutant General of Connecticut, Hartford; from the Adjutant General of Maryland, Annapolis; from the Maryland Historical Society, Baltimore, or from the Commissioner of Pensions, Washington, D. C.

The Adjutant General.
